

Important Dates for Selection of Rotation Laboratories and Major Professor 2023-2024

BMS Graduate Students must consult with the BMS Program Director *before* making any final commitments to faculty members.

| Rotations | Deadlines for obtaining Director's approval and notifying BMS office of your rotation selection | Rotation Evaluations Due |
|---|--|---|
| Rotation Period I 8/28/23 – 10/20/23 | Friday, August 25, 2023 | Rotation Period I 10/27/23 |
| Rotation Period II 10/23/23 – 12/15/23 | Friday, October 20, 2023 If you plan on joining a permanent lab in the spring semester, you must notify the BMS office of your permanent lab decision by December 11, 2023 | Rotation Period II 12/22/23 |
| Rotation Period III 1/2/24 – 2/23/24 | Friday, December 22, 2021 | Rotation Period III 3/4/22 |
| Major Professor | Friday, February 23, 2022 | Permanent Lab Selection Form & MOU 2/23/23 |

Before turning in each rotation choice, you must check with the faculty member in charge of the designated lab to make sure they are willing to take you.

Verify permanent lab PI has funding to support you. The department will not approve mentors who do not have support for students. Submit all choices to John LaPres or Claire Vieille via e-mail (lapres@msu.edu or vielle@msu.edu) with a "cc" to bmsgrad@msu.edu
