**Refresher on SIS, Slate, RCR, and More**
**Wednesday, January 26, 2022 3:00–5:00 PM**

The Graduate School is hosting a refresher event where we will recap previous trainings and address any questions that might have arisen since we last met. This event will cover several topics that will allow Graduate Program Coordinators to better utilize the tools that they use in their daily work and will allow Graduate Associate/Assistant Deans to gain a greater perspective of the Student Information System and the workflow within their teams. In addition to the topics listed below, there will be time at the end of the event for a Q&A session. This meeting will be recorded.
